Fakeyes is a clothing brand Our products are mainly shoes and clothes. We can paint anything that you want on white based shoes such as white air jordan or white vans. Our clothes are mainly sweaters and T-shirts that follow our RGB themes. Our slogan is “Never Follow Fast Fashion”. Thus, we design individual shoes for each client based on what they like. All shoes are hand painted by Celine. In the future, we are hoping to hire more designers to have more varieties of products. But mainly, we paint your shoes!

We are active on social medias and will eventually to have our actual stores in the malls.
